The Rheumatology and Physical Medicine Department is equipped with modern and advanced hydrotherapy system (butterfly-bath, Contrast- bath)

Hydrotherapy is used effectively in the rehabilitation program of Arthritis, Sciatica, Back Pain, Muscular pain, Joint stiffness and is also used to treat post - orthopedic surgery and some neurological conditions.

Hydrotherapy is proven to be a highly effective form of natural therapy; it works by stimulating the endorphins which help to control pain and alleviate tension.

The hydro-bath has a remarkable ability to improve circulation, reduce joint stiffness and improve muscle strength.
